

SMRUTI RANJAN MALIK

Personal Profile • Education • Technology • Interests

PERSONAL PROFILE

I am Smruti Ranjan Malik, an introvert by nature and a technology enthusiast who enjoys coding, learning new technologies, experimenting with ideas, and thinking deeply about technology and innovation. I am also a funny-type person who likes to make people around me laugh. I often overthink ideas, especially when I see a possibility to combine technology, creativity and practical problem-solving.

My academic background combines Zoology and Computer Applications. Alongside my academic studies, I continue developing my interest in programming, Artificial Intelligence, Generative AI, chatbots, AI agents and technology-driven solutions.

PERSONAL DETAILS

Name	Smruti Ranjan Malik
Date of Birth	15/03/2002
Home	Ramadaspur
Post	Raipur
District	Jajpur
State	Odisha
Email 1	smrutiranjanimalik0@gmail.com
Email 2	smrutiranjanimalik8078@gmail.com
Instagram	anonymous_smrutiranjani_
LinkedIn	Smruti Ranjan Malik

EDUCATION

10th	—
Period: 2017 Institution: Raipur High School	
12th / +2 Science	—
Period: 2019 Institution: Biju Patnaik Higher Secondary School of Science and Technology, Jajpur Road	
B.Sc. in Zoology	82%
Period: 2019–2022 Institution: Baba Bhairabananda Autonomous Mahavidyalaya, Chandikhol	
MCA	77%
Period: 2022–2024 Institution: College of Engineering Bhubaneswar	

10th and +2 percentages are intentionally omitted in this profile.

TECHNICAL SKILLS & TECHNOLOGY

Technology is one of my strongest interests. I enjoy learning by coding, experimenting, debugging, building projects and understanding how systems work.

PROGRAMMING & CORE

- Python and Java programming
- Object-Oriented Programming (OOP/OOPS)
- Java Collections Framework, exception handling, multithreading and file handling
- Data Structures and Algorithms (DSA)
- REST APIs, API integration, SQL and MySQL
- Git, GitHub, environment variables and API-key management

DATA, ML & AI

- NumPy, Pandas and Matplotlib
- Data preprocessing and data analysis
- Machine Learning: supervised learning, unsupervised learning, feature engineering, model training and evaluation
- Deep Learning: neural networks, CNN and RNN/sequence models
- Generative AI: LLMs, prompt engineering, embeddings, vector databases and RAG
- AI Agents and Agentic AI
- Tool calling, function calling and structured outputs
- Chatbot development and AI memory concepts
- Fine-tuning concepts, model evaluation, guardrails and multimodal AI
- Interest in automation, cloud technologies, deployment and production AI architecture

PROJECTS & PRACTICAL WORK

- Mathematical Calculator
- My Personal Career Chatbot
- AI Agent
- AI chatbot development and experimentation with modern GenAI systems
- Technology experiments involving APIs, tool/function calling, structured outputs and agent workflows
- Practical software and AI-powered application ideas
- Continued exploration of RAG, vector search, agent memory, evaluation and multimodal AI

CAREER / LEARNING INTERESTS

- Software Development and backend development
- Artificial Intelligence and Machine Learning
- Deep Learning and Generative AI
- LLM applications, AI Agents and Agentic AI
- RAG, vector search, memory, evaluation and guardrails
- AI automation, APIs, cloud deployment and production AI architecture

PERSONALITY • HOBBIES • INTERESTS

MY PERSONALITY

- Introvert by nature, but playful and comfortable with people I know.
- Funny-type person who enjoys making others laugh.
- I tend to overthink technology, innovation, project ideas and future possibilities.
- Curious about how technology works and how it can solve real-world problems.
- I enjoy independent learning and turning ideas into practical projects.
- I like exploring different fields instead of restricting myself to only one subject.

HOBBIES

- Coding and experimenting with technology
- Listening to music
- Playing cricket
- Thinking about technology and innovation
- Making people around me laugh
- Praying to God and devotion to Hanuman and Lord Ram

CRICKET FAVOURITES

Category	Favourite
Favourite Cricketer	MS Dhoni
Favourite Bowler	Jasprit Bumrah
Favourite All-rounder	Ravindra Jadeja

FOOD PREFERENCES

Rice, Bread and Fruits.

A SHORT PERSONAL STATEMENT

I am a curious learner who enjoys technology and scientific subjects. I may overthink an idea, but that same curiosity pushes me to explore it more deeply. My journey from Zoology to MCA reflects my interest in learning across disciplines. I want to keep improving my programming and AI skills while building useful real-world solutions.

ODISHA • ROOTS & CONNECTION

Odisha is an important part of my personal and educational background. My profile is connected with Jajpur district and places such as Ramadaspur, Raipur and Jajpur Road. My educational journey includes Raipur High School; Biju Patnaik Higher Secondary School of Science and Technology, Jajpur Road; Baba Bhairabananda Autonomous Mahavidyalaya, Chandikhol; and College of Engineering Bhubaneswar.

ABOUT ODISHA

Odisha is a state on India's eastern coast with a rich cultural heritage, temples, classical arts, handloom traditions, festivals, coastal landscape and diverse food culture. Puri, Konark, Bhubaneswar, Cuttack and many other places contribute to Odisha's distinctive identity.

TECHNOLOGY & ODISHA

As someone connected with Odisha and interested in software and AI, I am interested in how technology can support education, local businesses, digital services, agriculture, tourism and other real-world needs.

CAREER DIRECTION

My career interests include Software Development, Java/Python development, Artificial Intelligence, Machine Learning, Deep Learning, Generative AI, LLM applications, AI Agents and Agentic AI. I want to continue strengthening my programming fundamentals while building practical AI systems.

LONG-TERM LEARNING AREAS

- Advanced Python and Java backend development
- Machine Learning and Deep Learning
- LLM application development and RAG
- Agentic AI, tool calling and AI automation
- Multimodal AI and model evaluation
- Cloud deployment, APIs and production AI architecture

Final profile: the Education section uses readable cards rather than a dense table. The requested removed qualification is not included.
